115 - 230 pm	Quartet concert Social time with Orch Officers Help with clean up before leaving	Cafeteria

Violin and viola students should put their instrument in the case after each session. Cello and bass students need not put their instrument in a case during the workshop, but must push the endpin in at the end of each session and when moving between rooms.

Major goals of this Workshop are to gain different perspectives and ideas from a variety of instructors, and to boost MMS orchestra spirit and pride. Students should attend all sessions for the benefit of their music education and for the success of their respective groups.
